ABOUT THIS DOCUMENT

This document accompanies the ***Benzie County Michigan Trail Guide*** book providing printable maps for most trails in grayscale (a.k.a. black and white), so they come out looking good from both a laser printer and (using just black ink) on an inkjet printer.

BENZIE COUNTY TRAIL MAPS

The routes of most of the trails do not change very often. But know that any trail can change without notice. Some occasionally get minor changes as well as having paths added, moved, or taken away. New trail areas still being developed often see several additions or updates before they are considered complete. And very long trails, such as the Shore-to-Shore Trail, are often rerouted slightly due unforeseen circumstances, such as logging operations, wind damage, and water encroachment. So be sure to seek out their latest paper maps and follow all trail markers. And for any trail, be sure to always check the maps on-site provided at most trail areas, as they are likely the most up-to-date.

In addition to the trail maps provided in the details for each trail throughout Benzie County Michigan Trail Guide book, those and sometimes additional maps (and many other non-Benzie trails) can be found at this Web page:

Northwestern Lower Michigan Trail Guide
atic.biz/trail_log.html

maintained by yours truly. One can also find maps for most trails at the Web page associated with each trail.

And so we offer the following trail maps. They were accurate at the time of this writing and should serve well to provide a good general idea of a trail's route. Print out this entire document, if you like, or just the trails you need.

1. Almira Township Park Walking Trail Map

2. Benzonia Township Memorial Park Walking Trail Map

3. Betsie River Pathway Map

[illegible]

5. *Birch Point Nature Preserve Map*
